

CNSI Awarded Blanket Purchase Agreement to Provide IT Support Services to U.S. Department of Agriculture Food and Nutrition Service

ROCKVILLE, MD – CNSI, a provider of innovative IT business solutions for government and commercial enterprises, today announced it has won a blanket purchase agreement (BPA) to provide IT support services to the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS). This is a six-year BPA (one-year base period with five one-year options) with the first task order valued at approximately \$2.1 million. Established in 1969, FNS administers the nutrition assistance programs of USDA.

ROCKVILLE, MD – CNSI, a provider of innovative IT business solutions for government and commercial enterprises, today announced it has won a blanket purchase agreement (BPA) to provide IT support services to the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS). This is a six-year BPA (one-year base period with five one-year options) with the first task order valued at approximately \$2.1 million.

Established in 1969, FNS administers the nutrition assistance programs of USDA. Under the agreement, CNSI will provide a wide range of IT support services, including wide area network (WAN) and local area network (LAN) IT infrastructure management, security management, help desk, project management, and Information Technology Infrastructure Library (ITIL) implementation services. CNSI will support approximately 1400 users in Alexandria, Virginia and in

several field offices throughout the country. "Clients view CNSI as a trusted and experienced IT partner that helps them achieve their mission and business objectives. We're committed to delivering efficient and flexible IT services to FNS, so that it can focus on its critical mission of providing America's most important and vulnerable citizens – children and needy families – with better access to food, " said Vijay Mishra, vice president of federal programs, CNSI. "This is a great opportunity for CNSI to leverage our strong domain knowledge and to build upon our long-time relationship with USDA that dates back to 2000."

ABOUT CNSI

CNSI is a mature, full-service IT company that has enjoyed steady growth since its incorporation in 1994. Headquartered in Rockville, Maryland with offices throughout the U.S., CNSI delivers a broad portfolio of IT and business process outsourcing solutions to a diverse base of clients, including Department of Homeland Security, Federal Aviation Administration, Department of Energy, AMTRAK, and several state Medicaid agencies.
