NEW YORK, NY, July 8, 2013 – For the sixth consecutive year, CNSI has been selected for the 2013 Best of Gaithersburg Award in the Computer Systems Consultants category by the U.S. Commerce Association (USCA).

The USCA “Best of Local Business” Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

This is the first year that a business has qualified as a Six-Time Award Winner. Various sources of information were gathered and analyzed to choose the winners in each category. The 2013 USCA Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

About U.S. Commerce Association (USCA)
